

## CARPENTIER SAYS HE WILL DEFEAT CHAMPION DEMPSEY

French Fighter Will Stop  
American in Six Rounds,  
According to Descamps

Georges Carpentier, French heavy-weight champion, may be boasting a little when he says he believes he can stop Dempsey in six rounds, but it must be admitted that the French idol is not making his boasts without knowing something of the American's style.

Soon after Carpentier arrived in this country he held a 20-minute conference with Tex Rickard in the Hotel Biltmore, New York. Several of Rickard's friends were present. Carpentier, after an exchange of greetings, inquired for details of Dempsey's fight with Willard. When Tex explained how Dempsey rushed in and battered Champion Jess down, Carpentier smiled knowingly. "Dempsey is a great rusher, they tell me," he said to Rickard.

"Yes," came back the promoter. "Jack has a regular whirlwind style and he never loses a second."

"Didn't Willard make any effort to stop those rushes?" inquired the Frenchman.

"If he did the spectators didn't see it," replied Rickard with a smile. Carpentier looked at the floor thoughtfully for half a minute.

"Well," he went on, "I really prefer to have them rush at me." He said no more—no more was necessary. Those who heard the remark figured Carpentier had been working to perfect a defense for the rushing tactics.

After the conference, Rickard admitted he was greatly impressed. "I don't say Carpentier can beat Dempsey," he declared, "but you have to hand it to him. He must be a master workman. I think he boxes after the fashion of the old school in this country, and you know those boys used to have an effective remedy for rushing."

Yes, Dempsey is going to have an argument on his hands when he meets this slender youth, Georges is brainy. Sometimes it's hard for brain to beat brawn. We shall see later. It looks quite the best card ever talked of in this country.

Nate Lewis, Chicago promoter, who has seen Carpentier in action, gives the Frenchman credit for being as fast and almost as clever as Kid McCoy in his palmist days. Lewis adds that Dempsey had better be careful. And he says Dempsey cannot fight the Frenchman as he fought Willard—because he will never get away with it. Carpentier is not given to boasting, and for this reason he has greatly impressed all who have seen him.

## AMATEUR CHATTER

By Al Warden

The scheduled game between the University of Chicago baseball players and the University of Utah for Friday has been cancelled. The Crimson player have been unable to practice on account of the weather, and Mentor Fitzpatrick called the contest off. The Chicago players are en route to Japan.

High school marathon runners will have ample time to prepare for the East-West high school cross country. The event originally planned for Mar. 24 was postponed on account of King Winter and scheduled for April 9. The two coaches, however, decided to postpone the event until May 12, thus giving the runners in all parts of the state ample time to condition.

Coach Ott Romney of the East high school is one of the newsmen that he has a right man who will shatter season. The gent is Parkinson, an all-state end on the Leopard team last fall. He holds the California record in the shot put, having a mark of 43 feet. He is out to shatter "Heine" Richardson's record of 43 feet, 4 inches, made in 1907. Parkinson has a mark of 12 feet in the pole vault.

Tracksters of the Ogden high school were out in force last night, taking advantage of the first real spring day offered by his majesty, the weather man. Coach Clarence Douglas expects to have a first class track and field team. The baseball men were also out, limbering up, and going through early season exercises.

J. Franklin Scholtz, speed merchant of the University of Missouri, and rated as one of the best sprinters in America, is touted to defeat Creed Haymond, Ogden A. A. star, according to an article written by Fred Windsor in a St. Louis paper. Scholtz is a classy sprinter, but we have doubts as to whether he will be able to hand Haymond a defeat. Experience is one of the chief points in Haymond's favor.

Baseball is taking a strong hold on the fans of Utah, Idaho and Wyoming and the old game is sure to come back with considerable power this season. Leagues in all parts of Utah are being formed while Idaho has a national reputation for baseball leagues.

Plans for the proposed Ogden Commercial baseball league are maturing and the league will no doubt be under way before many weeks pass. Four fast teams are now seeking admittance.

Alma Richards writes that he is in first class condition and that he will be on hand to entertain Ogden fans at the gala track and field meet here April 24.

CADDOCK BEATS HUSSANE. SIOUX FALLS, Ia., April 7.—Earl Caddock, former world's heavyweight wrestling champion, won in straight falls from Yussif Hussane here tonight. The first fall came in one hour and fifteen minutes as the result of a head scissor and wristlock. The second in nine minutes with a head hold.

The custom of reckoning time by centuries began in France.

## GUN ASSOCIATION TO MEET FRIDAY

Commissioner R. H. Siddoway  
Will Address Members on  
Fish and Game Problems

The weekly meeting of the Weber Rod and Gun association will be held at the county court house Friday evening at 8 o'clock and sportsmen of the county who are non-members are invited to attend. Several vital problems will be discussed by the members.

R. H. Siddoway, state fish and game commissioner, will address the meeting. A contest for sportsmen of Weber county has been arranged and complete rules governing the contest will be thrashed out. The contest will be for Weber county men only and will be in the nature of a trout contest. The largest trout and the next during the season will award the "lucky" ones suitable prizes.

A delegation of members from the Brigham City club will attend the meeting and game and fish problems for both counties will be on the manager's agenda.

President A. T. Hestmark of the Weber organization is confined to his home with rheumatism but is expected to be present at the meeting.

Secretary Art Larson stated today that all live wires of Weber county are invited to attend the meeting and aid in making the association second to none in the western country.

## BASEBALL FANS ARE PECULIAR

Southern Fans "Ride" Ruth  
and Christen Yank Star as  
"Big Cheeses"

The baseball fan is a peculiar institution. Sometimes he seems quite docile and yields readily to analysis, but on other occasions he is as unruly as the Pyramids. And maybe this accounts for the conduct of "Babe" Ruth, of the Yankees. Just why the fans in the warm belt should attempt to "ride" the king home run swatter can hardly be guessed at. The opinion has been advanced that the impression before the Yankees and Dixon line has to do with Ruth's kicking himself off the Boston Red Sox, but the charge is not substantiated.

Although not generally known, Ruth had one near encounter with the Southern fan in an exhibition at Jacksonville recently. A party of "bugs" seated in the bleachers got after "Babe" and chastised him the "cheese" of the club. Ruth stood for the name through several frames of the exhibition game but finally his composure slipped away and he crawled into the bleachers after the cheer leader of the visiting crew.

No trouble resulted from Ruth's visit to the stand, because Ernie Shore and Fawcett followed him and got between Ruth and the fan. The fan, however, was ready to do battle for when "Babe" climbed into the stand the fan pulled out a man's size knife.

Those who have been in the know on the deal that sent Ruth to the Yankees, whether Ruth will be accorded a similar reception over the entire circuit this season. Although never having been branded a trouble maker until he was sold to the New York club, Owner Frazee, of Boston, did not increase Ruth's popularity when he publicly declared he let Ruth out because the big lad was a chronic kicker and disturber. From his days with the minors, Ruth has never been able to stand for a "riding" from the sun baked seats, and there is said to be a pained liberality may affect his hitting. Time will tell some interesting things about big "Babe."

## GARLAND AND BRIGHAM DOGS TO BE MUZZLED

SALT LAKE, April 8.—Because positive showings on hydrophobia were found by Dr. L. L. Daines, state bacteriologist, in the heads of two dogs from Garland and Brigham, instructions that all dogs shall be muzzled and closely guarded in the two cities have been issued. The rabid animals bit a number of other dogs, all of which are being closely watched.

In Garland, a rabid dog attacked a man, but was killed before he had inflicted any injury.

The dogs have contracted the disease by fighting with rabid coyotes while herding sheep. It is alleged.

## SALT LAKE PROTESTS INCREASED CAR FARE

SALT LAKE, April 8.—The formal protest of Salt Lake against the proposed increase in rates asked by the Utah Light & Traction company was entered before the public utilities board yesterday. The company's application for a straight 1-cent fare and for an additional cent for transfers will be heard this morning.

F. W. Folland, city attorney, signed the protest of the city. He said that he took this action after formal orders to that effect had been issued by the city commission.

## WHO STARTED THE DEMPSEY SCANDAL?

Fight Fans Eager to Know  
Just Who Initiated Chatter  
Now in Limelight

Who started the American Legion after Champion Jack Dempsey? Did Jimmy Bronson set ex-service men in the trail of Dempsey's war record? Did Billy McCanney, top of the attack with a view to getting even with Manager Jack Kearns? Did the American Legion find cause for action after their own probe, or were they tipped off to "start something" by intimate friends of Jess Willard?

These and a hundred more questions of a similar character are flying thick and fast in little circles since the conqueror of Jess Willard has been formally arrested, arraigned, and released on heavy bond to guarantee his appearance in court to face trial on the charge of having evaded service with the United States army.

Down east, Jimmy Bronson, manager of Soldier Bob Martin, the army heavy weight, is generally credited with having stirred up the mess. Jimmy denies the accusation. Billy McCanney is charged with having started the mess out of Toledo, where Dempsey kicked Willard. It is said McCanney wanted to assist Kearns in handling Dempsey, and when his proposition was turned down he got busy. McCanney formerly handled Luther McCarthy, the waiter who was killed in a bout with Arthur Pelkey. Billy was also confidential adviser and watchdog of the Dempsey camp in Toledo for several weeks before the big scrap last July.

Bronson is said to have spread a report of some American legion posts which had condemned Dempsey. He denies this. Bronson is also said to have called on a number of American Legion posts to use their influence in getting Martin for Carpentier's opponent in the Frenchman's first big battle here. This does not sound reasonable inasmuch as Martin has not advanced far enough in the game to meet a finished fighter like the French champion. Bronson was a V. M. C. A. worker in France, and a favorite with the service men.

Probably the identity of the original or of the Dempsey scandal will never be known, but Manager Kearns and Champion Dempsey will declare the American Legion never thought of condemning him until the idea was supplied by some disgruntled fight follower. When asked for a statement regarding his connection with the scandal, Jess Willard said he would not dignify it by discussing.

## Mohammedans Fight Jews in Jerusalem

JERUSALEM, April 8.—Although martial law was proclaimed here on Monday and the city is under heavy patrol by British troops, scattered fights occurred between Jews and Mohammedans Monday and Tuesday in the narrow lanes of the old city and outside the walls. Several persons were killed on both sides and about 250 were injured, most of them slightly.

When martial law was established entrance to the city was forbidden but this rule was relaxed today and normal conditions seemed near.

## Wilson Urged to Name Labor Board

WASHINGTON, April 8.—In view of the railroad strike at Chicago, President Wilson's advisers urged upon him today to send to the senate the nominations of the nine members of the railroad labor board.

The president has been having difficulty to find three men to give up their business and represent the public on the board.

## Spanish Mines Company Accepts Men's Demand

MADRID, April 4.—Dispatches from Oviedo saying that the Spanish Mines company had accepted the demands of the miners belonging to the Catholic party, indicate that 10,000 workers resumed work today. Twenty thousand Socialist miners in the Asturias region remain on strike and twenty thousand more in the province of Cordoba.

## Thousands Have Kidney Trouble and Never Suspect It

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent life insurance companies, in an interview of the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. Dr. Kilmer's Swamp-Root is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. With writing be sure and mention the Ogden Standard-Examiner.—Advertisement.

## Austria Hoping to Resume Trade in U. S.

ROME, April 7.—Means of meeting grave needs of the Austrian republic and establishment of rapid communications with the United States through Trieste are objects which have brought Dr. Karl Renner, Austrian chancellor, to Rome. He told the Associated Press today he hoped to arrange important commercial relations with America and that Austria desires to resume cordial intercourse with Italy.

"I am at the Italian capital," he said, "representing the new Austrian democratic republic, which has nothing to do with the empire and nothing in common with the traditions of the Hapsburg monarchy."

"Fulfillment of the provisions of the treaty of St. Germaine is the duty before us. We do not ask either a total or partial revision of that convention, but only a friendly understanding as to the best means to loyally apply it."

## STARRING SPORTS

Charley See.  
By NORMAN E. BROWN.

Grabbing a room and bath with a pennant-winning outfit that wound up the previous season a perfect organization is some difficult task. Consequently, because of the fact that Charley See, Rochester star, has earned the privilege of sticking the season through with the Reds, he's granted the right to appear in this daily column.

According to the present dope, Charley will fill the bill of extra outfielder for Pat Moran, being on hand—or the bench—with Bressler to fill in if Neale, Roush or Duncan step out of the game for a while on account of injuries.

Last summer See was leading the International league in batting when Pat convinced the Red mob that the boy was worth \$10,000 and a play.

See hails from Pleasantville, N. Y. He was born October 13, 1896. He was living in Brooklyn and starting as pitcher for the Merse shipyard team when the Rochester International league club signed him. Boss Irwin of the Rochester team discovered that he was a heavy hitter and converted him into an outfielder. He batted .337 in seventy-eight games.

He has been starting in the spring games with the Reds.

## KATHERINE M'DONALD IN 'BEAUTY MARKET' AT THE OGDEN TODAY

"I can earnestly say that never in the history of the Ogden theatre has a picture as replete with dramatic interest as 'The Beauty Market' been shown."

Thus Manager Percy of the Ogden theatre describes "The Beauty Market," starring Katherine MacDonald, the world's most beautiful woman, and which he will show at his theatre, commencing today.

"As Amelia Thorndike, a society girl unable to afford the life she is leading, Miss MacDonald portrays one of the most unique characterizations in the history of the screen," said Manager Percy. "She strongly drives home the wholesome lesson that the 'four-flusher' and the society fakir must ultimately pay for what has been conceded to them. I can promise that 'The Beauty Market' will be as fine as 'The Thunderbolt,' which met with a wonderful reception when shown here."
